

CRUCIAL PILGRIM TIPS & USEFUL INFORMATION

- **Flexible Premium Fleet:** Depending entirely on our final group numbers, **we utilize either a spacious 20-Seater Mini-Coach or a full-sized 25-Seater Luxury Coach** for our primary highway loops. Both options guarantee dedicated, elite luggage storage partitions so your heavy Singapore check-in bags and Chennai textile purchases are transported with zero interior cabin clutter.
- **Local Trust & Accountability:** Your guide, Sri Prasanna Kumar, is a **Singapore Permanent Resident of 28 years whose family resides directly in Tirupati**. This unique dual-home status guarantees high-status accountability, total safety, and deep local insider access that commercial agents cannot replicate.
- **Passport Stamp Verification:** Upon landing at Chennai Airport on Day 1, **ensure the immigration officer stamps your physical passport clearly**. This specific arrival stamp is the mandatory legal proof required by the TTD board on Day 2 to clear the elite NRI entry gate.
- **Strict Temple Dress Code (TTD Mandated):** Men must wear a traditional White Dhoti (Veshti) with an Angavastram/Uttariyam. Women must wear a traditional Saree or a Salwar Kameez with a Dupatta. Western clothes, jeans, or t-shirts are strictly prohibited inside the main temple corridors.
- **Hassle-Free Airport Hygiene:** Our **3 dedicated private rooms at the airport terminal complex** are split by gender and managed in a quick 30-minute two-batch rotation. Restroom use and bowel clearing happen first, while dressing into traditional attire takes place in the outer carpeted room space to keep the showers moving fast.
- **Medical & Diabetic Support:** While Day 3 features a traditional spiritual fast before the grand SRIVANI darshan, **your health is our highest priority**. For pilgrims who are diabetic or require food for medical reasons, a clean and complete breakfast/lunch will be fully provided by us at the hotel.
- **Safe Hydration Protocol:** To prevent waterborne illness on the highway, **we distribute two 1-litre bottles of branded mineral water to each pilgrim daily** (one in the morning, one in the evening). Kindly use only these sealed bottles for drinking and brushing teeth throughout the entire circuit
